

## INTEGRATED QUALITY MANAGEMENT AND ENVIRONMENTAL POLICY

The Director of MARMOL COMPAC, SA chaired by the CEO, dedicated to "Design, manufacture and marketing of agglomerated stone" has decided to apply to all levels of the company an Integrated Quality Management Policy (GC ) and Environment Policy (GMA) which is the guide to achieve our main goal:

**"Ensuring our customers with quality and service, while maintaining a high balance between development and NATURE"**

Our Policy provides the following guidelines:

- To fulfill the requirements demanded by customers as well as regulatory and / or legal that apply, and others.
- Offer highly specialized customer care and adapted to technological advancement of our products, based on a commitment to R & D activities developed within a field totally respectful with the environment, under the principle of pollution prevention.
- Maintaining an Integrated Management System in search of continuous improvement as the core of our business. Encourage active involvement of members of the company to achieve the objectives of quality and environment.
- Promote transparency in communicating with employees, suppliers, distributors and customers to identify and understand their needs and achieve their commitment.

To achieve these guidelines, MARMOL COMPAC, SA commit to:

- Making a commitment to maintain quality and environmental policies as a benchmark in setting our goals. A commitment to meet the Quality and Environment Policy and lead the development, implementation and improvement of the Integrated Management System.
- Making a commitment to amend this policy to adapt to new requirements and making them available to any company or institution or party who requests it.
- Maintain good communication with all our customers that would ensure the fulfillment of their needs and expectations, which also serves as a basis for continuous improvement.
- A commitment to establish the necessary measures to achieve the satisfaction of our staff and maintain a good working environment.
- In MARMOL COMPAC, SA, we are committed to promoting participation and training.
- A commitment to manage a demanding and vital resources efficiently: Water; Energy; allocating the necessary and practical means.
- A commitment to develop our activities to minimize the generation of waste, effluents and emissions.
- Maintain strict control of significant environmental aspects, to minimize any impact.
- Make strategic agreements with our key partners, to ensure that our suppliers take their share of responsibility for them to get a quality and enviromentally suitable environment.

The Director of MARMOL COMPAC, SA signs this policy and is committed to maintain and make the above statement available to the general public
